6TH CAMBRIDGE ISLAMIC FINANCE LEADERSHIP PROGRAMME

ABOUT CAMBRIDGE ISLAMIC FINANCE LEADERSHIP PROGRAMME

The Cambridge Islamic Finance Leadership Programme (Cambridge-IFLP) is the first and only global leadership programme for mid to senior-level managers who are working in Islamic financial institutions or simply preparing for a leadership role in Islamic finance.

Designed and structured by Cambridge IFA, the programme is delivered by some of the most influential leaders in Islamic banking and finance.

This 5-day residential programme offers new perspectives, new thinking and new ideas in Islamic finance. Designed to challenge the current perceptions and understanding of Islamic finance, Cambridge-IFLP encourages participants to think and lead differently.

Five most outstanding attendees are chosen to receive the Cambridge Islamic Finance Leadership Awards.

HIGHLIGHTS OF CAMBRIDGE-IFLP

Cambridge-IFLP focuses on empowering participants with competence to lead in the Fourth Industrial Revolution era, and transforming them into effective and influential leaders in their respective organisations and in the global Islamic financial services industry.

With practical guidance from seasoned corporate leaders within the Islamic finance industry, participants will expand their understandings of leadership to take on the challenges that every senior leader must face.

The programme attracts a number of Islamic banking and finance professionals, Shari'a scholars, standard setters, and business leaders who participate in and deliver:

Leadership Interviews and Leadership Talks

Designed to be interactive, these sessions provide great first-hand insights into leadership values, philosophies and qualities. This allows to learn from renowned industry leaders as they reveal how they have harnessed their leadership skills and strengths to gain success.

Leadership Workshops & Leadership Activities

These sessions explore ways we look at the world as leaders, and how to leverage our best selves to lead more effectively in today's world.

Cambridge Cases

Leadership lessons from case studies written specifically for the programme where delegates can apply theoretical knowledge and develop solution-oriented decision making.

Networking Sessions

Interactive sessions with prominent personalities and notable figures to develop new leadership perspectives and expand your network.

“Cambridge-IFLP demands nothing less than exceptional performance in leadership activities, active participation in leadership interviews and outstanding contributions to leadership talks. The breadth and content of the programme are top of the class, as the diversity of delegates as well as the speakers present an all-round approach to management and exposure to different leadership styles.”

Professor Humayon Dar, PhD (Cantab)
Founder of Cambridge-IFLP
